

CHANGE IN FILE STATUS  
APPROVAL FORM

DATE January 28, 1987

CURRENT FILE NO. ACT/027/002 and ACT/027/004

RECOMMENDED FILE NO. INA/027/002 and INA/027/004

COMPANY AND MINE NAME Mountain Maid - Cudahy and Last Chance Mines

REASON FOR CHANGE IN FILE STATUS

Mountain Maid proposed to mine the Cudahy Perlite Mine and Last Chance Limestone Mine in 1978. Both mines were previously existing and had been abandoned prior to 1977. Mountain Maid submitted mine and reclamation plans in August 1978. The permit review process was dropped in 1979. Site visits in 1978, 1981, and 1985 confirm that the site is inactive and that if Mountain Maid did any mining, they disturbed less than two acres.
